There are Bass and guitar versions of these cabinets, the Bass ones have CTS speakers and the guitar versions have Jensen C15L model drivers so which are you looking for?

Looking for a guitar model, but would consider a bass. (Could change out the speakers)

Sorry to all for the late reply. Haven't been able to check this site in awhile. Thank you to braud357 for the craigslist information. To IowaBoy, I'm in Texas. To everyone, I appreciate your responses.
