I have a black 3x15 CTS bass cab and K200B-2 head that is seeking a new home. Condition is 8.9 out of 10. You'd really have to look hard to find any blems. Amp has been serviced in August and has a clean bill of health. New replacement handles 700.00

One pair of single 15" Big K tolex Pro 15 cabs with SRO 15" and EV T35 horn tweeter. 250.00
Components are worth the asking price.

1970 Gibson EB1 violin shape bass guitar and OHSC. 3500.00

Photo's upon request.
