I'm trying to find the year of my Kustom K100-1 but am coming up with nothing. Its a K100-1 50 watt with the 2 12 cab the nameplate on the cab has the by Ross INC so I know its an early model. The serial number is 22391. I cant find anything about what year it is and was hoping you guys that know more about Kustom amps could tell me. The plate on the back of the amp does not have the by Ross INC.
