Hi guys, it's been awhile since I've posted on here. There is a Kustom K100-2 for sale near me. The plate on the back of the cab says Jensen. I've heard that if it says Jensen then it's a guitar cabinet, if it says CTS it's a bass cabinet. Is that true? Thanks!

Also, is \$250 a good price for it? I will try and talk him down a bit.
