I have one with the pouch, I would be willing to swap for a k-50 /K-25 cover.

Sorry, nothing to swap... except an SLM era AMPEG branded 810E vinyl cover w/ fleece lining (bought NOS 2 years ago, used once, slight scuffing). Sale price?

Don't really want to sell as I would rather have it for trading material for a k-25/50 cover. I am looking for a frankie 2 x 15 cover too.
