I would like to thank you all that were at the Covention for all the wonderful memories we made playing music and reminissing about earlier Kustom Days. It was very educational as well as fun time for me and Susan. This meant the world to me and I hope to be around long enough to do it again. Thank ya'll soooo much for everything!!! Steve C

It was great meeting you Steve. We have worked together over the phone and e-mail before, but it was nice to put a face with the name finally. I enjoyed the music and festivities. A great time was had by all, for sure!

I am so sorry that I missed it this year. Did anything really kool show up? Did the theremin show up?

How was Bud doing?

A lot of kustom guitars showed up this year, one of the very first Frankie heads and laydown 2x15 cabinet. The head was a low brow Frankie and was a two power transistor model. No Theremin's. This year it seemed that all the amps on display were very clean amps. Not all torn up or full of cig burns. Several new collectors, great jam sessions. Bud was in good humor and met his new wife. It was just a great weekend.

Any photos of the Frankie out there? A new wife for Bud? That's great to hear. I really wish I could

have been there.

What a wonderful time Margot and I had. I met a whole group of friends I'd only known through emails. Thanks to all who made it happen.
