I have four Kustom 3x15 cabs for sale in black. Two cabs are loaded with CTS and the other two cabs are loaded with Jensen and siren horns. Excellent condition and I don't think you will ever find 4 cabs in better shape in one place. I run the CTS cabs for subs, and the Siren cabs for mains. Makes a nice three way system. Good handles and casters on all cabs. 1600.00 OBO These are located outside Grand Rapids, MI for reference. They will defenatly get the job done and look so great on stage.

I saw the cabs on ebay, and almost wet myself...also I was told in no uncertain terms by my wife that I would not be getting them. Damn they are gorgeous.

About the only thing I can say is, where and when will you ever see four 3x15 cabs for sale in great condition at one time and in one location. Ask her to go to guitar center and have them order four vintage kustom cabs like mine and see what they say. Bet she'd come home empty handed.
