---

Vintage Kustom III Bass Amp Head & Speaker Cabinet.

Late 80's to early 90's

The Head is Model # 111-B.

Serial # K-129727

The Speaker Cab is Model 2-15 B.

Serial # S-90175

It features 130 watts and two dual input channels having both High and Low inputs and the following controls:

Channel 1 has Volume, Clarity, Bass and Treble with a pull-for Bright option.

Channel 2 has Volume, Bass, Middle and Treble with a pull-for Bright option.

There are 4 rollers on the bottom of the cab and it rolls perfectly.

Very good condition. Nothing wrong.

Made in USA in Chanute Kansas. Kustom amps are among the most dependable amps ever made.

The amp sounds great. Very loud but also sweet. The head has a very nice, warm, tube like tone.

\$ 350 or OBO
