Vintage Kustom Kasino "Club" PA Speaker Column with four 8" speakers

I played a guitar through a bass amp the other day and the PA speakers sounded fine, but since I sold the amp, I'm not sure how you could audition the speakers, unless you bring your own amp.

The PA cabinet is in Fair to Good cosmetic condition. The grille cloth looks very good, but the cabinet has some scratches and gouges here and there, and a bit of white paint along one corner. The dimensions are 14"W x 10"D x 48.5"H.

\$50 cash.

I'm near Devon & Talcott, in Park Ridge, IL, right on the NW border of Chicago.

Do you still have this speaker cab? Does it have the striped silver and black grill cloth?
