I have a 1971 Kustom K300-5 for sale along with a Vintage Fender Bandmaster 12 speaker cab (ser#4243) for sale. The K300-5 has 12 inputs on 6 channels and is fully functional. It's missing the reverb knob on channel 3, but everything else is there --choke too! The Bandmaster has 2 speakers: one is a Kustom G15A and the other is a Celestion K18J - 300. I'm based in NYC.

Please PM me.

Thanks.
