Hi,

Thanks for the reply.

Is the cabinet one of the square types with two ports in front?

Also is it in fair physical condition?

This sounds like it could be what I'm looking for.

Greg

Sounds good.

Yes, I agree that \$300.00 is a good price.

I'll take it. How would you like payment?

I live in Los Angeles, but happen to have some family and friends that live in Lees Summit. I can arrange some sort of pick up in a couple of weeks if that would work for you.

I can use pay pal as well.

What is your account information?

Is the cabinet dimensions about 30"x30"?

I'm trying to see if it will fit into a Mini Cooper Clubman, (no laughing).

Any chance of some photos as well?
