Just throwing a feeler out to see if anyone would be interested in the original vinyl cover - original 1971 CTS speakers - handles - ball wheels - emblem. I have an eBay account and paypal account. Over 500 transactions/fb rated 100%. I'm not a dealer. Sell stuff for friends and suffer from G.A.S. (gear acquisition syndrome) There are pictures up on CL and if interested I will send you the link. Make an offer but I'm not in a hurry to sell. It's not doing anyone any good sitting in the garage. Rock on.

Hey man, sorry that it has come to this but know you gotta do what ya gotta do. I'll give you \$125 for the bass ports, emblem, handles, and the T&R. The casters should get you at least \$45. Check ebay for speaker prices. I have never seen on ebay yet a cover for your cabinet listed, but think it has to be worth at least \$75. If the grille cloth has no tears, I'll buy that also. Want to make my own 2-15 cabinet. Tough call...sorry.

I don't want to deal with pulling off the vinyl or the grill cloth. I forgot about the port tubes... duh. If still interested in the other parts let me know.

How about \$40 for the bass ports? I've got a cabinet that has broken one's in it that need replacing.

I'm going to put all items up on the bay and see what they will do. I just listed the cover under

"Kustom TR315 Vinyl Cover". Still have to pull it all apart. Been hot as hell here. Have a good one.
