I believe this is a 1969 Kustom 200 PA head (I'm not 100% sure on the year) with 2 4X12 speaker columns all in sparkle red. I have had this unit for about 10 years and it works great still. The pots are a little scratchy and the light on the head does not come on, but other than that it is in pretty good shape. I will attach some pictures.

I am asking \$500 for the whole package, thank you very much for looking!

I can send pictures in an email or something, I can't figure out how to post them in this though.

Say buddy, did you ever sell that PA? What color was the head? Cordially. M
