For sale I have a gold tuck & roll PA head. Haven't used it in a couple of years. It was working. Make offer. Will ship. Has stand mounts on the side. No stand Included.

Does it have reverb and does it work? Are all the knobs there and what condition is the T&R in?

I'll plug it in tonight and check it all out. If you give me your e-mail address I'll send you some photos. I'm not sure on the reverb, but I'll check that out too. The knobs are all there and there are no tears in the tuck & roll. I've owned this since about 1985. We used it as a practice PA head and monitor amp.
