I'm looking for a manual for the III lead head. I've not been able to find anything online so far.
Thanks in advance!

Which model Lead III amp do you have? The Big K series amps have the voicing control. The older Lead III amp is a piggyback model.

It is the big K model from the late 70s with the voice control.

I'd also like a copy of a Lead III manual, 1976~1978 Big "K" vintage.
