Hi hope you area all well.

I'm looking for a 60's PA head. Doesn't need to be in mint condition. Also need it shipped to Australia please.

No chance of finding one over here.

Cheers
Shayne

There are 4 different types of 60s pa heads dependant on the year!

These are the Frank type 2 channel head, the latter 4 channel k200 A head and then the 4 channel k100 and k200 B head, so which are you looking for ?

Hi, thanks for the reply

I'm looking for a 4 channel head, preferably a 200 but 100 should be fine also.

Hi Shayne. Check out Craigs List in Sacramento California USA. They have had a 100 listed for the last couple months.It's at a pawn shop so maybe there's a little negotiating room price wise. They are at \$250. Good Luck with your search.

Thanks for the reply.

I'm sorted now. I scored a really clean blue 200 from a member here. It's great!!

Sorry I should have post earlier to say i'm no longer looking.
