I am an older Kustom (Crazy) guy
I would like to purchase any older Frankie head or Cab
Thanks
Mike
Please PM

So would everyone else! Just have to be at the right place at the right time and beat the bushes, I already have one, so I don't even look any more.

Thanks to Those I have purchased from!
Again....any older 11 pleat stuff is greatly desired!
Best Wishes to All
Mike

I have an 11 pleat Frankie head K200 and cabinet with the twin 15" drivers I'm considering selling. It's been a few years since I've had the cabinet back off but I remember the speakers were the more desirable...just can't remember what make they were.

The covering is black and in decent shape considering its age.

Amp works great...

If sold I would prefer it be picked up...don't relish the thought of shipping it.

I guess I'm entertaining offers...

I can take and send pictures for serious buyers.

I'm in coastal MS.

Thanks,

Cecil

Went out and gave the rig a look...

Model L795RV
Serial number 13587
Speaker cab has JBL D130F drivers original and in great shape.

About to turn 50 years old...amazing.

Cecil

I have a Frankie head and 2x15 cab. Red sparkle, JBL d130's, 11 pleate, (if that means the # of pleats counted across the top) Time capsule condition. Solid 9.5 out of 10. All original except for 3 prong power chord upgrade. Looks and sounds fantastic. I need to sell but don't know value. I know this is a rare find in this condition and don't want to be low balled or take advantage of. I am In Florida. Let me know if you are interested. Vinnie

Mike do you still have any duplicates you're trying to get rid of?

Thanks,
Matt

I've got a bunch of Kustom heads that I've decided to sell, but just don't like the idea of shipping. I do have a J595 "Frankenstein" Charcoal Sparkle head in really nice condition. Unfortunately, I've probably got more into it than it would sell for. I bought it on eBay a couple years ago for way too much money, it was advertised as great working condition. When I got it, it had very little output power, so I took it to Parkway Music in Clifton Park, and they gave it a go-over. Replaced all small electrolytic caps, output transistors & voltage regulator, replaced all transistors in 2nd channel along with many resistors. Cleaned jacks & pots, installed a 3-prong AC cord. Doesn't have a tag in the back with model or date. Sounds great now, to the tune of $250.....

Will part with it, just not sure what to ask, and am hesitant about shipping, but guess I could find a box. Email me for photos, I don't know how to post them here. gcunningham6@nycap.rr.com

Hello, I have a Frankenstein head in good condition. Naugahyde is in good shape. Black. Reverb works well, tremolo works fine. Missing some of the silver liners for the knobs. Great amp. Comes with a 2-15" cab in good shape (needs a good cleaning). 1 15" speaker and 1 15" bullhorn. Cab may have been part of a p.a. system? Makes a good rig.

I'm in Washington State north of Shelton. 98584 zip.

Would prefer local pickup - shipping could be problematic.

Asking $500 for the pair. Photos on request.
