I am downsizing so I have a lot of Kustom gear for sale. Two Altec loaded 215+H PA cabs in black with covers.

K200-2 Amp and 3x15 CTS cab in black.

SC K150-8 2x10 guitar amp and cover in charcoal.

SC K100-8 4x10 guitar amp with cover in Gold. Actually yellowed out silver that is a perfect match to gold.

All equipment is at least 8 to 9.5 condition.

Nothing is cheap but for a collector, you won't find any better condition.

Also a pair of Kustom Pro 15T SRO Cabinets.

Located just outside Grand Rapids, MI. Must pickup.

Let me know and I can send photo's.
