I need to replace the casters on an old Kasino bass amp I have. They are similar to the old Kustom's, as far as mounting to the long steel plates on the bottom of the cab, but they aren't spherical, just two inch wheels. Any ideas of where I could find a set?

Go on line and browse through the Grainger or McMaster supply catalog and you will likely find what you need!

Steve,

Just did that, plenty of options....thanks!!
