I have heard they made some of these, and I would like to acquire some. (I could be wrong)

I am still looking for one of the kustom "light shows", that were in a black cabinet, had 4 or 6 lights (half on either side of the box) and a strobe in the middle.

shoot me an offer if you find/see one.

I am in Texas and will pay freight and packing, or come get them if close enough.

I have crypto coins, cash, credit cards, bank transfer, what ever you require.

Yesterday's Guitars in Harrisonville MO had a white one in excellent condition a while back. Not sure if they still have it.

I may have what you are interested in if still interested.
