I have a Cascade 2x12 guitar cab and a cascade 1x15 bass cab.

Anyone near Ohio? I would like to have a matching set, so I would trade the 2x12 for a 1x15 or the 1x15 for a 2x12. It has to be cascade.

My cabinets aren't in great shape, they have rips and tears in the vinyl, so not expecting something spectacular in return.

If interested, I will send pics. Hoping to trade in person. I do not want to ship. I live in SE Ohio and would be willing to drive up to 150 miles.
