I have 4 Altec 418's 16 ohm for sale pulled from 2 blue 2-15's. Will sell individually or in pairs. 3 are marked Kustom with stickers and 1 isn't marked at all save for speaker frame lot/run number which matches 1 other in the 4 speaker lot. These appear to be earlier unpainted versions of the 418 with tab mount for wiring vs the painted frame and later wire mounts. All are otherwise identical from the 2 Altec marked cabs they were removed from. If interested please PM me for any questions you may have.

Hi...thanks for responding. I haven't been on for awhile. I was thinking about 500.00 for all 4 + shipping which I will get for you after I pack them up and get you the cost...Will need address to ship to of course. I expect shipping to be about 30-40 per box x 2 as a guestimate. I will zip tie each pair to protect the cones and then bubble wrap them well. If you agree to this arrangement we'll go from there. My phone contact is 918-724-9241 cell Send me yours as well so I can send pix for your viewing pleasure.
