Possibly acquiring what appears to be an early 70's 2x15 bass cab. T'n R is nice but the grill cloth has a big rip in it. I looked at Parts Express and they have something that looks real close and referenced in a prior thread here, 261-800. I also see that it is Mellowtone manufactured. Mellowtone is about 12 miles down the road from me. So unless you guys have a better suggestion, I'll use that. Thanks!

Mojotone s Fender black is what I last used, but if your easy to get down the street stuff looks close then fly with that!

Like stevem said, I've used what's called a "Fender style". Got mine here:

Same as the Kustom.
