I purchased this Blue Sparkle Kustom Kat in the early 90's from a vintage music dealer. He is just under 4 feet tall if the ears are stood straight up and you can see his size in the picture, as I put a Kustom Guitar in the pic for reference. Due to downsizing I sold most of my collection and it is time for to let him go to a good Kustom home. Like most Kustom Collectors he is a little road worn. He has some some bumps and scrapes some holes, (patched with clear tape), and somewhere one of his eyeballs fell off. I have kept him out of the lights for the majority of the time and the naugahyde is still very blue. I live in the Kansas City MO area and he would be best if picked up. I will ship at buyer's expense, and he will need to be professionally boxed. He is large. I also will not be responsible for condition if shipped. If I don't sell him by the end of October, he goes back into storage. Price is $1000.00. Offers considered.

I don't have 10 messages yet so I can't post the link. You can email me at olmizzou@gmail.com and I will send you the link for the pictures.
