On YouTube the a Grass Roots where playing the American band stand show in what I think was the early 70s .

They played midnight confessions and 2 black Kustom amps where in back of railings behind them.

Found it, show from 1975 - was their 19th appearance on American Bandstand. Great catch Steve!

Looks like 2 15" cabs with Horns. Couldn't make the amps for sure. A 200 and maybe a 250?
