Hello all,

SEEKING COSMETICALLY EXCELLENT T&R examples in silver-white, Chanute era.

Transportation always a problem, so prefer Northeast / Mid- Atlantic,

Would love to see your examples here in the forum whether or not for sale. Who out there has a white Kombo II ?

Cheers!

Hi I have a silver Kustom 150 head and cab w horn. Tolex is in great shape but a little discolored/yellowed. Would like to get $350 for the head and cab. I'm in Houston TX so maybe too far to ship in a cost effective way. Site won't let me post pics until I have 10 or more posts, sorry! If you are interested I can send detailed pics.
Thanks!
